Yes

LED:

No

Yes

LED Quantity(single):

4

 * Pls mark LED colors / Polarity (+/-) in your design, Thanks

Keys Type:

Die Pressing

Metal Dome

Windows:

No

Yes

 If you need a highly transparent windows, we recommend you choose glossy surface.

Cutting Method:

Laser cutting

Mould cutting

Additional Requirements:

☐ Gloss Window with Matte Surface

☐ Light Color Background

☐ Add Electrostatic Shield

Special Notes:

Please see our schematic for more information. We marked "yes" for windows to indicate we need translucent material over the LEDs so they can be visible, if that is not what "windows" means, please do not include them. We marked 4 colors, including black, white, translucent.
